IMPORTANT:

The sale of 'G' motors and all model and high power RMS reload kits to persons under 18 years of age is currently prohibited by federal law. Individuals must be 18 years of age to purchase high power hardware. Proof of age (such as a copy of a driver's license) must accompany all orders for 'G' motors and RMS reload kits. The consumer must be a current member in either the National Association of Rocketry or Tripoli Rocketry Association and be certified Level 1 (H,I), or Level 2 (J,K,L), or Level 3 (M,N) high power user, 18 years of age or older to purchase high power reload kits.

(Asterisk indicates item can ship domestic U.S. Mail ground surface (Parcel Post). This means no haz fee is incurred when shipping RMS reload kits and single-use motors by surface mail. For more details, please refer to the authorization document located on our website at www.aerotech-rocketry.com.*

RMS™ reload kits and DMS™ rocket motors with over 5 lbs. of propellant and marked as SDL require U.S. State Department Licensing for export.

AeroTech produces a variety of composite propellant formulations including White Lightning (W), Super White Lightning (WS), Blue Thunder (T), Black Jack (J), Black Max (FJ), Redline (R), Warp-9 (N), Mojave Green (G), Metalstorm (M), Dark Matter (DM), Super Thunder (ST), New Blue Thunder (NT), Classic (C) & Propellant-X (X).

Rocket propellant abbreviations indicated in the brackets are listed after the time delay/coast phase number on single-use and LMS™ rocket motors and mid-power RMS™ reload kits. The propellant abbreviation is listed after the average thrust number on DMS™ rocket motors and high-power RMS™ reload kits.
